

Expand Your Correctional Education & Community In-Reach Programs Beyond Classroom and Facility Walls!

LearnMax allows your teachers and community partners to conduct "live" sessions and to provide on-demand video instruction from anywhere inside or outside facility walls!

Conduct secure "live" sessions with students using audio, video, screenshare, chat and polling.

Create, edit, and manage video lessons for on-demand viewing by students.

Secure access with URL whitelisting and IP address restrictions.

Unique security settings ensure student privacy during "live" sessions.

Teachers and community partners maintain control of student mics, cameras, screenshare, and chat at all times.

Automatic recording of "live" sessions available for forensic purposes.

Track student attendance and video views.

No installation or software updates required.

Accessible on multiple devices including tablets, Chromebooks, PCs and Macs.

Integrates into any LTI-compliant LMS (Canvas, Blackboard, D2L Brightspace, Jenzabar, Moodle, ATLO).
