

learnmax™ online classroom

Secure and Private

LearnMax is a web-based tool that allows instructors to conduct live classes on any subject with students in different locations. LearnMax can also be used to create video lessons that students can view on demand.

- Conduct Live Sessions
- Create Video Lessons
- Convert PowerPoints to Videos
- Create Student Video Assignments

Entirely based in the Cloud.
No installation, downloads or
plug-ins required.

Share and record webcam,
application windows, YouTube
and other videos

Includes a fully integrated LMS
with detailed tracking and
reporting capabilities

Requires integration into any LTI-
compliant LMS (e.g., Schoology,
Canvas, Moodle, Blackboard, etc.)

LearnMax is the ideal solution for:

Classroom Instruction • E-Learning Days • Distance Learning Programs
Test Review, Tutoring & Make-Up Sessions • Professional Development
